07 March 2016

Dear Parent/Carer,

Early Years Room

SBC are planning an exciting new development for our school and are currently undertaking a feasibility study and costing of the provision of a room in school that may be refurbished to be child and family friendly, where parents can be offered a space for parenting supports, talks, and activities. This will be a facility which the school can use, for example when holding MAC's.

The room that is being looked at is the meeting room above the main entrance which has no connection to the classrooms and every effort will be made to ensure that the use of this room will not have any negative impact on the education of the children. The school staff and Parent Council chairs are supportive of this initiative which will not be a café and will be facilitated by professionals. The safety and wellbeing of pupils has and will continue to be at the forefront of any discussions taking place.

Mrs Anne Scott who is leading the Early Years team will be at the Parent Council meeting on 23 March in order to discuss this new facility with you and answer any questions you may have.

Yours sincerely

Leigh Brunton
Depute Head Teacher
